We have been serving Utica and the surrounding areas since 1885, when we joined with the YWCA, which today is the largest provider of domestic violence services in the U.S. and the oldest and largest multi-racial women’s movement in the world.

We are:

▶ The only provider of domestic | sexual violence crisis services in Oneida County
▶ The only Child Advocacy Center and provider of sexual violence crisis services in Herkimer County
▶ The only provider of transitional housing for homeless victims of domestic violence
▶ Champions for equity and empowerment

IN 2017, YWCA MOHAWK VALLEY REACHED OUT NEARLY 20,000 TIMES WITH LIFE CHANGING PROGRAMS & SERVICES.
Dear Friends,

It is remarkable to look back on 2017 and see our mission in action.

This was a year filled with continued growth and transformation as we took the time to assess proactively where we are going as an agency. The support and encouragement we received throughout the process energized and motivated us as we determined how best to meet the needs of our agency and most importantly, our community.

“Home” seemed to be a recurring theme for our agency on many levels. With last year’s move to 7 Rutger Park from Cornelia Street, our home base is now filled with light and space - a welcoming, central hub that invites and encourages our entire staff to come together. The new location provides ample room for meeting areas where we can conduct business and confidential areas for direct-care services with our clients.

In addition to offering a new home for our administrative offices, we also began exploring the future of Cornelia Street. We also reassessed and revitalized our transitional housing opportunities, melding together two of our very successful transitional housing programs, Willow Commons and New Horizons Plus, to create Safe Horizons – a program that continues to provide transitional housing for survivors of violence.

In 2017, we also “brought home” our social justice message to the local community by attending and hosting events throughout the year to raise awareness for women’s rights, racial justice, and domestic and sexual violence awareness. We marched, rallied, and petitioned our representatives with our message. And we were heard.

As we focus on the future, we will continue to champion for those who cannot speak. We will continue to fight injustice on behalf of the oppressed. And we will continue to strive to eliminate racism and empower women, always mindful and appreciative that we are not alone in this pursuit.

Without your support we could never dream big and define our future. Together as a team, we not only strive to reach these goals, we make them our reality.

And for this, we are so very grateful.

Sincerely,

Dianne Stancato,                       Dietra Harvey,
Chief Executive Officer  Board President
